

# THOSE PECULIAR JOHNSONS

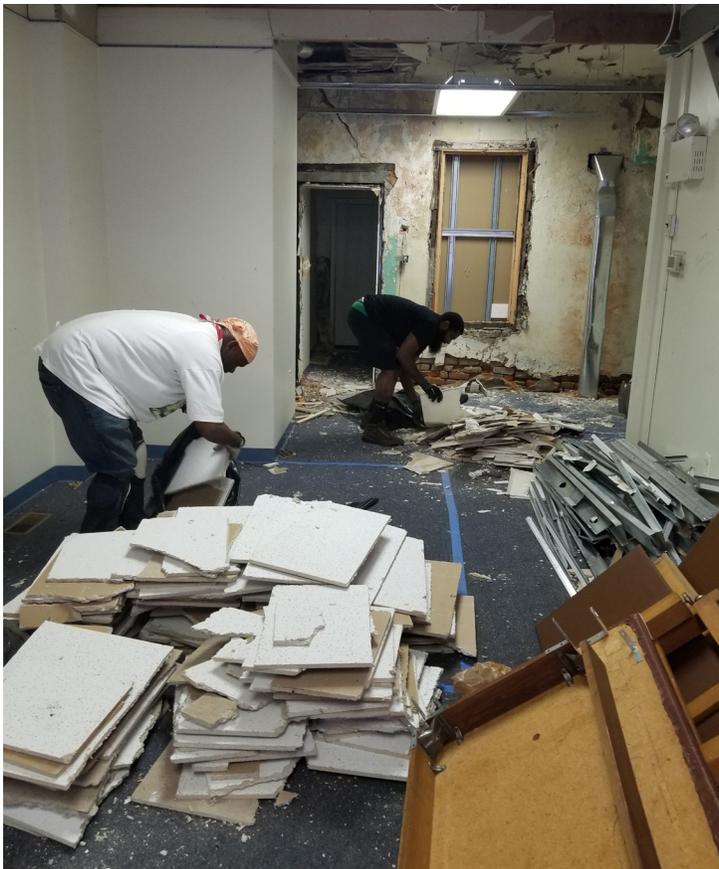

1 Peter 2:9 “..You are God’s peculiar people..”

No one knows whose womb holds the chief! African Proverb

## SEAMLESS AND ENDLESS *BUT...THE END IS NEAR*

This seemingly endless process is nearly ended. Rezoning took over one year, building inspection over six months, getting the architect, engineer, electrical, plumbing, carpentry and mason contractors has taken a long time. We can see the end of the beginning...maybe.

All we need is you. Miriam Medical Clinics (MMC) capital development fund is called Fifty at Eighteen. That is fifty individuals, groups and churches contributing eighteen hundred dollars for a total of \$90,000. Fifty teams who are interested in bringing equity to our health care system; fifty teams who are willing to sacrifice so that high blood pressure does not take your neighbor’s life. All we need is your team’s pledge of \$1,800.00. This will fund the renovation of the new site in South Philadelphia. Think about it...a group of nine people giving \$200 each is one example. You can help by being a part of a group or helping to organize a group. Talk to your family, pastor, friends and co-workers about helping MMC renovate its new site. Won’t you pledge to be a part of this exciting journey to better health?

Miriam Medical Clinics also needs help with grant writing, website design, as well as dental, podiatric, nursing and physician volunteers. Please join us as we build our team to spread the joy of Jesus.

For over five years, MMC has provided volunteer primary medical coverage for the uninsured and under insured. This has included dental and podiatric care, pharmaceutical review and referrals for counseling for recovering addicts. MMC also sponsors a series of community clinical conferences. These conferences inform the community and involve the medical community as partners. To continue and expand, we need your help.

Dan Shafer, World Gospel Mission President, visited us to see the new site. Pictured here are Neil Pitts, Kay Johnson and Michael Johnson.

*So why Wait? MMC is on the move, taking compassionate, community health care to South Philadelphia. Your contribution will make this vision a reality. At times the work seems endless, but our hope makes it seamless.*
